

Primary Leadership Development Quiz Sergeant's Time Training, Inspection and Corrections

Name	e:		Date:			
Multiple Choice: Write the letter of the BEST answer on the line to the left of each question.						
1	The	primary trainers of soldiers are:				
	A.	Professional Trainers	D.	Warrant Officers		
	B.	Commissioned Officers	E.	Enlisted Soldiers		
	C.	Noncommissioned Officers	F.	Each other		
2	In to	erms of sergeant's time training, Comma	and Sergeants M	ajor are responsible for ALL of		
	the	following EXCEPT:				
		Directly training soldiers to standard				
		Monitoring and providing detailed guid	dance			
		Providing technical expertise				
		Ensuring standards are established and				
	E.	Advising both commanders and first se	ergeants on their	program		
3	In tl	ne Sergeant's Time Training book, super	rvisors rate each	task as:		
	A.	"T" (trained), "P" (needs practice), or "	"U" (untrained).			
		"T" (training duty), "S" (State Active I	Outy)			
	C.	"P" (pass), "F" (fail), "I" (incomplete)				
		"1" (high priority), "2" (secondary priority)				
		"S" (satisfactory), "U" (unsatisfactory)				
	F.	"A" (exceed standards), "B" (meet star	ndards), "C" (bel	ow standards)		
4	If th	e Sergeant's Time Training task could r	not be trained to	standard, then:		
	A.	The unit is put on report				
	B.	The sergeant providing the training is barred from training again				
	C.	All soldiers in the unit are scored as not passing the standard				
	D.	. Regiment Command Sergeant Major is notified				
	E.	. The same task is rescheduled for future STT				
	F.	The task is removed from the unit's training requirements				

A. Some soldiers, if allowed to, will become careless in uniform B. Some soldiers overlook minor deficiencies. C. Inspections correct small problems before they become big problems. D. Inspections may be used as harassment for unit not trained to standard E. Sharp appearance and excellent maintenance are important to VDF soldiers F. Inspections ensures that equipment and clothing are serviceable 6 Two categories of inspections for individual soldiers and their equipment are: A. Informal inspection and formal inspection B. Training Inspection and State Active inspection C. NCO inspection and Officer inspection D. Inside and outside inspection E. Passing inspection and Failing inspection F. In-ranks inspection and Failing inspection F. In-ranks inspection and Failing inspection F. In-ranks inspection and Failing inspection F. A. Used for making the quickest corrections to deficiencies in training or standards B. May need to follow up an on-the-spot correction with a call to the soldier's Regiment Command Sergeant Major C. Correction given to a soldier to correct deficiencies must be directly related to the deficiency D. You may take corrective measures after normal duty hours E. Corrective training should continue only until the training deficiency is overcome F. Do not make notes in soldiers' records of deficiencies satisfactorily corrected by means of training and instruction. 8 ALL of the following are steps in On-the spot corrections EXCEPT: A. Correct the soldier. B. Attack performance, never the person. C. Give one correction at a time. D. Do not dump. E. Don't keep bringing it up — when the correction is over, it is over. F. Keep the deficiency noted in the soldier's record in case it crops up again True or False: Mark "T" for true and "F" for false on line provided to the left of each statement. 9 TRUE or FALSE: Sergeant's Time Training is hands-on, practical training for soldiers given by their commanding officers.	5	_ ALL of the following are reasons for inspections EXCEPT:
C. Inspections correct small problems before they become big problems. D. Inspections may be used as harassment for unit not trained to standard E. Sharp appearance and excellent maintenance are important to VDF soldiers F. Inspections ensures that equipment and clothing are serviceable 6 Two categories of inspections for individual soldiers and their equipment are: A. Informal inspection and formal inspection B. Training Inspection and State Active inspection C. NCO inspection and Officer inspection D. Inside and outside inspection E. Passing inspection and Failing inspection F. In-ranks inspection and In-quarters inspection 7 ALL of the following are aspects of On-the spot corrections EXCEPT: A. Used for making the quickest corrections to deficiencies in training or standards B. May need to follow up an on-the-spot correction with a call to the soldier's Regiment Command Sergeant Major C. Correction given to a soldier to correct deficiencies must be directly related to the deficiency D. You may take corrective measures after normal duty hours E.
